FOR IMMEDIATE RELEASE

LOW COST MICROCHIP AND RABIES DROP-IN CLINIC

The Charlottesville-Albemarle SPCA is proud to offer microchipping and rabies vaccination walk-in clinics to the greater Charlottesville-Albemarle community. The next clinic will be held this Sunday, March 4th, from 12-4PM at 3355 Berkmar Drive.

The CASPCA encourages pet owners to have their animal microchipped and vaccinated. One in three pets will be lost in their lifetime and without identification, 90% will never return home. A current rabies vaccine is required by Virginia State Law for all cats and dogs over four months of age. Residents of the City of Charlottesville and Albemarle County can purchase a 2018 Dog License during the microchip and rabies clinic. Bring your pet's previous proof of rabies vaccination to receive a three-year rabies vaccine.

Rabies vaccine: \$25 | With proof of public assistance: \$10
Microchip: \$30 | With proof of public assistance: \$10
Rabies vaccine & microchip: \$40 | With proof of public assistance: \$15

About the Charlottesville-Albemarle SPCA: The Charlottesville-Albemarle SPCA is proud to have maintained the City of Charlottesville and Albemarle County as a No Kill community, providing life-saving care to thousands of animals in the region. The mission of the CASPCA is to advance the compassionate treatment of animals by providing sheltering, medical care and behavioral services for dogs and cats; promoting permanent, caring homes; and furthering education and outreach to place healthy animals in caring homes.
